After taking control of Castleford Builders Supply in January we have invested £250,000 worth of building & landscaping stock, purchased 2 Hi-Ab off loaders, 2 forklifts, 1 new Bobcat loader and have the use of 4 x 2 ton tippers from Barkers.

Jon, the manager of the Castleford site, has gained 9 years experience with builders, landscapers & the general public. Steve from our Pontefract site has 15 years experience with fencing and landscaping so they make a formidable team and have a vast knowledge of products between them.

Roy and Paul are our Hi-Ab drivers and have a good knowledge of their duties. One drives our 7.5 ton wagon and the other drives our larger 18 ton wagon.

Glynn is the yard manager and is fully qualified to operate all the yard equipment.
